Professional Summary

Full Stack Web Developer with a strong frontend foundation since February 2024 and hands-on backend experience since June 2025. Skilled in building scalable, responsive web applications using React and Redux, developing RESTful APIs with Node.js and Express, and working with database-driven systems. Experienced in collaborating across cross-functional teams to deliver production-ready features in fast-paced environments.

Work Experience

Leverage Edu, Noida, Uttar Pradesh
Backend Developer Intern
                                        June 2025 – Present

- Developed and maintained RESTful APIs to support core product modules. Implemented
- CRUD operations with proper validation and structured error handling. Integrated backend
- services with databases to ensure consistent and reliable data flow. Worked closely with
- frontend developers to design APIs aligned with UI requirements. Contributed to improving
- backend code quality and maintainability in production systems.

Dazzler Software, Jaipur, Rajasthan
Frontend Developer
                                        June 2024 – July 2025

- Built and maintained responsive user interfaces for live client applications.
- Developed reusable and scalable UI components using React and Tailwind CSS.
- Optimized application performance through efficient state management and routing.
- Collaborated with designers and backend teams to deliver end-to-end features.

Dazzler Software, Jaipur, Rajasthan
Frontend Developer Intern
                                        February 2024 – June 2024

- Assisted in developing frontend components using React, JavaScript, HTML, and CSS.
- Translated design mockups into responsive, cross-browser compatible interfaces.
- Gained practical experience working on real-world client requirements and deployments.
